Married This Morning.
Miss Etta J. Fawcett of Connelldale and John M. Grant of Lake Erie were married this morning at 6 o'clock at the Catholic church in Uniontown. Rev. Father D. F. Kenna officiated. Mr. Grant is resident superintendent at the Erie Iron Coal & Coke Company and formerly resided at Tarr, Pa.

SAVED DAUGHTER'S LIFE

This Father Refused to Let His Daughter Die.

There is a story with a moral that many parents might like to hear. "My daughter was very pale, nervous, thin, and suffered with severe pain in her back, so that we took her out of school. Her flesh became blue and she could not retain her food. I spent over \$100 for medicines, but she grew worse. Finally I bought a bottle of Thompson's Barcodia and she began to grow better right away. The bottles of Thompson's Barcodia made a complete cure, and today she is a perfectly healthy girl. Thompson's Barcodia saved her life, for she was falling so fast that death was not far off."—Frank D. Meador, Pleasantville, Pa.

If you are troubled with backache, stomachic weakness, or nervousness, or liver or kidney trouble, then it's time for Thompson's Barcodia.

Graham & Co., of Connelldale, and S. A. Lowe, of Lake Erie, sell Thompson's Barcodia in two sizes, 50 cents and \$1.00, and guarantee it to cure Bright's disease, high colored urine, bed-wetting, and all other kidney and liver diseases. It will make anyone vigorous in a few weeks, because it is a great tonic and maker of rich red blood. All druggists.

OLD TIME CRUELTY.

One Time When Surgery Is Often Needless Torture.

Many operations for piles are simply needless torture, for when it's all over the piles come back.

The one way to be rid of piles for good is to use the combination PILE-CURER. It cures piles by doing away with the cause—poor circulation.

\$1 for 24 days' treatment at A. A. Currie, Connelldale, or at all druggists. Satisfaction guaranteed. Dr. Leonard C. Station B, Buffalo, N. Y. 11109. Write for free booklet.

Marriages Installed Officers.
The following officers for the ensuing year were installed last evening at the regular meeting of the ladies of the Macduffian hall last evening in Odd Fellows' hall. Lady Commander, Mrs. Lydia Holt. Lieutenant Commander, Mrs. J. E. Gillard. First Commander, Mrs. R. H. Reed. Second Keeper, Mrs. L. K. Kinner. Chaplain, Mrs. J. W. Howard. Mistress of Arms, Mrs. W. D. Prentiss. Sergeant, Miss Daisy Adair. Sentinel, Mrs. Rebecca McCormick. Picket, Mrs. A. Rolland. Officer Promoter, Mrs. Alice Osborne. The meeting was largely attended.

How the Pennies Increase.
WILLIAM B. Brand of Kewanee, Ill., walked into the bank with two pairs full of pennies for deposit. Two years ago he decided to save Lincoln pennies and the day he took the money to the bank he had 6,162 of them. It is interesting to see how actual experience how fast small savings accrue. The Citizens National Bank of Connelldale accepts savings deposits in any amount from \$1.00 upwards.

Start Wiring Bank.
The wiring of the new foreign department of the Young National Bank was begun this morning by A. J. Jutten. The wire came from the place. The wire was moved from Buffalo's Pittsburg street bank last week.

THIRD ANNIVERSARY

Of the Mothers' Social Circle Was Celebrated Last Evening.

The third anniversary of the Mothers' Social Club was celebrated last evening at the home of Mr. and Mrs. W. C. Chesebrough on East Fayette street in a very delightful manner. The affair was also in the form of a farewell party to Mr. and Mrs. F. L. Chesebrough who leave soon for their new home in Cambridge, Mass. Mrs. Chesebrough is a member of the club. The affair was perfect in all its appointments, not the slightest detail being overlooked in arranging for the celebration of the evening. Each year the anniversary is celebrated and this function the husbands of the members are invited. The celebration is always of a very enjoyable nature and is looked forward to with great anticipation. During the early part of the evening various games were indulged in after which an elaborate luncheon was served, the menu consisting of all the delicacies of the season.

The Mothers' Social Club was organized three years ago with six charter members. Each of the six members was given the privilege of securing another member, making a total membership of 12. There were other candidates for membership and the membership was then limited to 18. Since that time five of the members have been removed from town and other new members were received. The officers are: President, Mrs. W. H. Howard; Vice President, Mrs. H. T. Crowland; and Secretary, Mrs. W. H. Cotton. The history of the club was read by Mrs. A. W. Dowman.

The club meets semi-monthly at the homes of the different members.

MID-WINTER TOURS.

Now is the Most Delightful Time to Travel in the South.

To get away from this cold, wet climate and dwell under sunny skies in the Southland—Isn't that a trip worth while? Drop into the Foreign Department of the First National Bank of Connelldale and ask about personally conducted tours to Mexico, the Panama Canal and New Orleans. The expense of such a trip is moderate and covers everything.

If you are going abroad next summer, better make your steamship reservation now. The First National is agent for all steamship lines. Cabins and berths reserved—Letters of Credit and Travelers' Cheques issued and prospects procured. All languages spoken. Money orders on all parts of the world.

MRS. JENNIE FORNEY.

Died Early This Morning at West Side Home.

Mrs. Jennie Forney, aged 51 years, 4 months and 23 days, wife of James Forney of the West Side, died this morning about 2 o'clock at her late home No. 165 North Tenth street, following an illness of several weeks. Funeral from her late home Friday afternoon at 2 o'clock. Rev. J. L. Froudd, pastor of the First Presbyterian church will officiate. Interment in Hill Grove cemetery.

Decided was a daughter of the late Mr. and Mrs. Robert Story and was born in Pittsburg. For a number of years she has resided in the West Side. In addition to her husband she is survived by one daughter, Mrs. Emma Welner, a son, George, and one grandchild.

SHALLENBERGER FUNERAL.

Will Be Held Tomorrow Morning at Arrival of Lake Erie Train.

The funeral of the late James W. Shallenberg will take place tomorrow morning on the arrival of the Pittsburg & Lake Erie train due here at 10 o'clock. The body will be removed to Chestnut Hill cemetery for interment by Paul H. Dyer to J. E. Shinn. Friends of the deceased who wish to view the remains may have an opportunity to do so at the cemetery.

Services will be held this evening from the son's residence at McKeesport. A week ago Mr. Shallenberg contracted a cold. Pneumonia developed and resulted in his death.

Funeral Meeting Party.
Mr. and Mrs. J. O. Saxman entertained at a very enjoyable birthday party Monday evening at their home at 1411 N. Tenth street. The twenty-first birthday anniversary of Miss Mary Victor a sister of Mrs. Saxman. Miss Victor had been invited only to the evening to the home of Mr. and Mrs. Robert Story and on her return home was greatly surprised when surrounded by a large number of friends. The guests numbered about 20. Various games helped to make the evening a very enjoyable one until a late hour when luncheon was served.

Mrs. Morrison Dead.
Miss Sadie Morrison, aged 10 years, died Monday at the home of her brother at Bidwell. Her mother died several years ago and since that time she had made her home with her brother. Funeral services were held this morning from her late home.

MATT CAPUSHIN TRIED TO DODGE POLICE OFFICERS
Steady Regular Was Among the Shopper's Mob Monday and the Chief's Eagle Eye Spotted Him.

Matt Capushin is nothing if not a stickler. When he comes on duty the Burgess had work for the last night time in the new year, the Burgess sent him on his way with an admonition that if he ever came back that a stone would be hung around his neck and he would be dropped into the river. "Matt is what he is called. He left after the Burgess threat and said he was going to Scotland, but when Chief of Police George Heitz found up the slippers this morning he was "among those present."

In bringing up the shippers from the cellar, Matt edged over to the door and when Officer Bull wasn't looking, dodged out. He got as far as the bottom of the steps when discovered. When he heard Burgess' name, he said "Name is Matt Capushin, I no change my name."

Burgess Evans didn't smile at it at all but told the officers to keep him a couple of weeks and give him all the hard work there was to be done.

The Burgess has stored preliminary house cleaning in City Hall. Burgess had held Matt Capushin, from the windows, Mike Ludwick, calling from Scotland, where he says he works in the pipe mill, was put in the lockup. He will act as running mate for Capushin. After being placed in the lockup this morning, Ludwick made an appeal for his release. He said that he would lose his job in Scotland, that he had come to Connelldale, to see a friend and had failed to catch the last car.

Henry Kessacator from Uniontown, a steamfitter, was picked up by Special Officer Russell last night on a drunken and disorderly charge. He was given 48 hours.

It is Cleaning Up Time, After the Rush

The Union Supply Company stores have in effect now, active clearance sales. After the great holiday rush, we find many odds and ends throughout the entire stock; in every department. We also have many strong lines that are practically unbroken. In a word, we have too much stock, and our usual method of reducing stocks, is now in effect. It is a clearance sale, a cleaning out, a closing out of all odds and ends or surplus stock. It is a great time in the year to get bargains. The women's and girls' departments have many novelties; attractive coats, suits, hats and other winter garments; many of them marked down to one-half their actual value. If you have not yet bought your winter supply, now is the right time.

The Closing Out Bargains in the Shoe Department
cover the entire stock of men's, women's, boys' and girls' shoes; all sizes. In large stocks like we carry, there naturally is an accumulation of odds and ends and it becomes necessary twice a year to clean them out. The most effective way we find to do this, is to cut the prices. That has been done, the goods are all gone out at great reductions in price. In addition to the odds and ends, we also have some lines that are practically unbroken. This is due largely to the slackness in business, but we must sell them, must get the stocks reduced, and the most effective way is again, to reduce the price. We guarantee every pair of shoes we sell. If not entirely satisfactory, we will replace them or refund your money.

Gloved Hands Pick Seedless, Tree-Ripened "Sunkist" Oranges

This delightful fruit, which comes in the valuable premium-bringing wrappers, is all picked, when ripe, with gloves! Each orange is perfect. Otherwise it would be rejected and sold as a "second"—not as a first-quality "Sunkist."

"Sunkist" are the prize oranges of best groves in California.

Seedless, Sound and Solid

Deliciously juicy—no seeds—firm and perfect. Sweet as only tree-ripened oranges can be. Yet they cost no more than oranges of less quality.

Insist on Valuable "Sunkist" Wrappers

You are sure of getting the genuine when you insist on the valuable wrapper marked "Sunkist" which covers every orange. Thousands of enterprising housewives now furnish their dining tables with "Sunkist" silverware—real Rogers—by merely saving the wrappers and sending to us with stamps or money order to partly pay cost, packing, etc.

"Sunkist" Lemons of Same High Quality

Thin-skinned, extra juicy and each comes in a valuable "Sunkist" wrapper. They go farther than other lemons and cost no more than the ordinary. Recipe booklet free upon request.

Get This Splendid Rogers' Orange Spoon

Save 12 "Sunkist" orange or lemon wrappers or trademarks cut from wrappers, and send them in with 25¢ in stamps to help pay charges, packing, etc., and we will send you this splendid Rogers' silver orange spoon. For each additional spoon send 12 wrappers or trademarks and 25¢ stamps.

Fifty Years Ago Today, Jan. 24.

Southern papers of this date denounced the news dispatches received from northern sources claiming a Federal victory at Mill Springs. They assumed that Braxton's expedition was a failure and the north was in need of a tonic. The United States secretary of war appointed a commission to visit the prisoners at Richmond and provide for their comfort. Federal soldiers held these. This was the first step in the amelioration of prison hardships.

BILL FOR TRAVEL PAY

Congressman Cingo wants men in Philippine Service Remunerated. Congressman Cingo has introduced a bill providing for the payment of travel pay and a gratuity of \$100 to the men who served in the Philippine Islands after the expiration of their term of enlistment from the point of embarkation to their homes. Enlistments in the army during the war with Spain were for a period of three years or until a declaration of peace. When peace was declared the soldiers who returned home received travel pay and a gratuity amounting to a comparatively large sum in each case. But many of the soldiers were provided upon to remain in the islands and assist in the preservation of peace after their term had expired. Under the law they were not entitled to travel pay and gratuity for the return home and the bill introduced by Representative Cingo is for the purpose of putting the soldiers who remained beyond their term of enlistment on the same footing with the volunteers whose

The Stanley Steel Inquisition.

The frantic efforts of the "On-Steel-Only" Committee to get the steel of the Steel Corporation are more amusing to the public than they are disturbing to the nationality of the officers of the company who have been summoned and unparaphrased inquired into. It is evident that Chairman Stanley and his Democratic associates on the committee have been awfully suspicious and willingly credulous.

President James A. Farrell was a very disappointing witness. He fully denied that the Steel Corporation had been rebuffed by the International Harvester Company, and supplements his denial by the rather convincing statement that the two companies had done NO BUSINESS WHATEVER WITH EACH OTHER FOR A MATTER OF SIX YEARS.

President Farrell also denied that any rebuffs had been given to the Standard Oil Company on tinplate since he had been at the head of the company, and said that all tinplate was sold at a flat rate. Chairman Stanley asserted that the minutes of the Carnegie Steel Company showed that such was the case after the formation of the United States Steel Corporation.

This is Chairman Stanley's mistake. After the Steel Corporation was formed its tinplate was manufactured and sold by the Carnegie Steel Corporation known as the American Tinplate Company and later as the American Sheet & Tinplate Company. The latter company manufactured all the black sheets as well as the tinplate.

The Carnegie Steel Company once made sheet bars, but IT NEVER MADE ANY TINPLATES.

It is evident, therefore, that Chairman Stanley has been guilty of trying to bolster up his case against the Steel Corporation by misstatements where he fails to get evidence. It may be added that this is not the first or only time he has been guilty of this practice.

The installation of Representative Gardner that there must have been a close community of interest in keeping the price of steel rules up to \$25 per ton for ten years when the prices of all other steel products had fluctuated was not with the prompt reply that during all these ten years the cost of manufacturing steel rails had steadily increased. The specification of the railroad companies have increased in severity. This has been one of the large elements of increased costs.

Chairman Stanley's final insinuation, that the profit-making of the company benefited the matured men rather than the laborer, elicited an explanation perhaps not quite satisfactory to him from his political point of view. He was told that this statement was based upon the principle of rewarding merit. It might be added that at least some of the subsidiary companies have old men pensioned for labor and aid for the families of men who are killed or hurt in this service.

The Stanley Inquisition will report against the Steel Corporation of course. That is the political mission of the committee. But its report will contain no more reason than the report of the committee promulgating the proposed Democratic revision of the Iron and Steel Tariff.

Democratic Tariff Revision.

The Pittsburgh correspondent of the New York American Metal Market, an acknowledged and independent authority on the steel and iron trade, sums up the proposed Democratic Steel Tariff schedule as follows:

The greatly reduced duties proposed in the House bill introduced this week would seriously affect the iron and steel industry, falling particularly upon sheet and tin mill wages, but there is no doubt that President Taft would veto such a bill. The rates involve unreasonable reductions and the industrial system adopted is utterly unsound as applied to iron and steel.

It is a singular fact that while the Democrats of recent years have made unflinching appeals to the Common People, they have always been ready to sacrifice them for political success. Free Silver would have desolated the land with baneful ruin and emptied the dinner pails of the workmen, yet the Democrats tried to make the Common People believe that Free Silver would mean Free Living.

The Common People found out differently.

The Democrats have from time to time during a long period of political history been trying to persuade the Common People that the tariff was robbery and that Free Trade would mean Free Living. The Common People tried it twice since the War, to their great and ever-recurring loss.

At any rate, the thoughtful people of this country do not want any more political tariff revisions if they can be avoided. There is a nation which is gaining strength, even among man-

ufacturers and the statesmen who formerly opposed it, that the tariff is the true solution of the tariff question. This body has investigated the woolen and cotton schedules and is ready to report on them. The reports are said to have the admiration of statesmen who did not approve the creation of the board. If the Democrats want to revise the tariff in a spirit of justice and wisdom, why do they not take up these reports instead of trying to frame a new Steel Tariff out of hand?

It will be remembered that the Democrats had a large hand in creating the Tariff Board. Why don't they accept its work and the consistency?

The answer is plain. When the Tariff Board was created, there wasn't any Democratic House and no chance to frame a purely partisan tariff bill for political purposes. Now it's different.

South Connellsville's New Government.

The apparently inhibited but largely incorporated and highly progressive borough of South Connellsville is starting out with all the accessories of town government with a single exception of a borough council which will doubtless be supplied in case of emergency by the law who are placed under arrest by the one-man police power shall fail to come around to the municipal court the next morning to report for trial.

South Connellsville is unquestionably enterprising. In addition to her political bodies chosen by the people, she has organized a Chamber of Commerce, Incidentally for the purpose of securing new industries for the town, but chiefly for the purpose of acting as an advisory board in the general conduct of its affairs. We are informed that it will "act as general advisor for anything pertaining to the welfare of the town," and that "when the Town Council or the School Board find themselves in a tight place they will seek the advice of the Advisory Board." We are further told:

"The board, composed of the leading citizens of the new borough, is to be a power in the politics and the industrial development of the town. While not empowered with any particular authority, its word in matters relating to the welfare of the town is to be final and it is understood that the various governing bodies of the borough will follow the board's advice at all times."

It is apparent that South Connellsville has by a very simple process adopted Government-by-Councilmen. The Chamber of Commerce and the Advisory Board is the Commission. Its word is to be law unto the town.

The borough administrator has, without the aid or consent of the people, with one swift and sure stroke, revolutionized the government.

South Connellsville's Commission Government was not the result of a referendum, but we have no doubt that it is subject to a Recall.

The bottom dropped out of the civil list this week. This is not unusual in our courts. Not only are attorneys not always ready, but a number of litigants who were very hot under the collar when proceedings were begun get painfully cold feet when the critical moment comes.

By Emma of Yukon.

YUKON, Jan. 21.—The fifth point of the mercury compass points toward Yukon. It pointed here before there was any town and, like the soldiers on the plains, the soldiers on the plains have no idea of the great strain of Yukon coal.

The star of Yukon is still shining. Strangers in foreign lands see the star twinkling and are growing here so rapidly that a few of them have to sleep in the wood sheds. It may be possible that the little twinkler who had to sleep a week or two in a slash bench in a wood shed may some day own the biggest hotel in town.

Some people fear that the town is going to be overgrown. It is now unsymmetrical on account of hotel facilities being needed on the part of town. We need a gin mill for corn, a saw mill for lumber, one along the river and one up Wharf street. It is hard policy to inaugurate.

Just now it has become popular for church members who sign petitions for the founding of gin mills to have their names published in the papers. It is a good way for old pillars to break into print and Yukon will be in line.

Our town people are holding out a stiff hand to have the National Keaton convention to meet here in June. We all would be glad for the Keaton convention, but we are not sure that it will be held here. It is a good way for old pillars to break into print and Yukon will be in line.

Yukon has won its fame and popularity by being properly advertised. For a town is better than none at all.

The best way to ruin a town is to place its destinies in the hands of a board of trustees and quit advertising its good qualities.

Last Session of the French Cabinet Recently Dissolved to Give Place to One Headed by Poincare as Premier.

PARIS, Jan. 21.—This is the last picture of the French Cabinet that gave place to one formed by M. Poincare, the new Premier. As indicated by the numbers they are: 1, M. Messimy, Minister of War; 2, M. Klotz, Minister of Finance; 3, M. Malvy, Minister of Justice; 4, M. Stour, Minister of Instruction; 5, M. Loubet, Minister of Colonies; 6, M. Gombas, Minister of Commerce; 7, (seated), M. Caillaux, Minister of the Interior; 8, M. Renault, Minister of Labor; 9, M. Bernard, Minister of Agriculture; 10, M. Chaumet, Minister of Foreign Affairs; 11, M. Agassiz, Minister of Public Works.

Of these members of the old Cabinet but three accepted portfolios from Premier Poincare. They are Klotz, Stour and Loubet. Klotz remains in charge of finances. Loubet continues as Minister of the Colonies, but Stour changes from the Department of Instruction to the Department of the Interior.

SCOTSDALE HOLDS BANNER INSTITUTE

Rousing Resolutions Passed
Asking for More Gener-
ous State Aid.

HALL INSUFFICIENT FOR CROWD

Only Thing Lacking Was a Large
Enough Place for Meeting, Which
State Men Say Surpassed Others in
Interest and Attention.

Special to The Courier.

SCOTSDALE, Jan. 24.—The Farm-
ers' Institute, following the report of
the State board of agriculture, held
of all held by this section of the State
lecturers this year, according to testi-
mony of the party, which was sent
here, after the State board had de-
clared would not force an Institute. Lec-
turer L. W. Leighty said yesterday that
the number at the opening session was
larger than at any opening session he
has appeared before and he has been
in this work for the State ever since it
was inaugurated.

Rousing resolutions were passed by
the Institute, following the report of
the committee made up of Lyman
Soule of Altoona and J. W. Ruth
and W. C. Myers of Scottdale, who
reported that it was the sense of the
meeting that our State Agricultural
Station and Experimental Station and
the Division of Farmers' Institutes in
the Department of Agriculture are ones
of great practical value to the farmer
in assisting him in the conservation of
soil fertility, reduction of the cost of
crop production, and assisting him
practically to improve his social con-
dition and educational advantages, and
resolving that the farmers' committee
earnestly ask the Westmoreland mem-
bers of the Legislature to make a
strenuous effort to secure a more lib-
eral appropriation for the extension
and improvement of these practical
educational agencies. Another resolu-
tion was enthusiastically passed thank-
ing the speakers for the able manner
in which they handled their subjects,
and asking Hon. M. P. Shoomaker, who
has charge of the Institutes in this sec-
tion, to give Scottdale an Institute next
year, and thanking him for securing
State aid for the Institute held this
year.

There was almost a full house yester-
day morning for the opening ses-
sion at 9 o'clock, which was presided
over by L. E. Ketter. The Orange
quartette and the Altesa Detwiler fur-
nished excellent music. "Strawberry
Culture" was the first subject for dis-
cussion, but S. B. Pluck, the first local
speaker, was the only one on the pro-
gram to fall to appear. A. C. Phillips,
the other speaker, discussed the subject
briefly.

D. H. Watts of Kermers, talked on
"The Culture and Treatment of the
Orchard" and Nelson Poorbaugh of
near Mt. Pleasant, gave a splendid talk
on "The Model Dairy," but did not
speak loud enough that those in the
rear of the hall could catch much of
the talk, which was clear cut, compre-
hensive and full of value to any farmer,
as well as to the professional dairy-
man. Robert B. Seale, talked on "Soil
Improvement, the Keynote to Agri-
culture" and made a regular Scotch ad-
dress.

J. L. Loucks presided in the after-
noon and there was a star talk on
"Poultry" by Rev. W. H. Oyster, of
Altoona, an address that was given
forth the highest commendation, not
alone for its value, but the witty man-
ner in which this speaker handled the
subject. D. H. Watts talked on "In-
sect Pests and Spraying," among other
things making a plea that the school
child be given more nature study in
order that in after life he can enter
into the economic plan of conserving the
fruit tree life. H. M. Gooderham, an
other State man, made an address on
"Agriculture in the Country Schools,"
showing how this branch leads the
pupil to original research, opens a
way that is not crowded and is pleas-
ant and helpful in choosing a life oc-
cupation. Robert S. Seale led those
great bursts of enthusiasm in the
"What Constitutes a Country Home."

The hall was jammed half way up
the aisles and along the sides by the
biggest crowd of the Institute last
night, with all the persons being
present. Rev. W. J. Muir provided
and the music was by the Mount
Huntingdon Old Club, led by their
teacher Miss Irene Bowers. There
was a girl quartet, composed of
Jean Shorrick, Pearl DeFries, Edith
Wagner and Minnie Gibbons and a
mixed quartet composed of Leona
Hart, William Green, Margaret De-
don and Raymond Cunningham, who
with a solo by Miss Bowers fully
proved the worth of music in the East
Huntingdon schools, and effectively
put to rest the suggestion of a few
directors recently that music should
be cut out of the schools, as a measure
of economy, so far as a large number
of taxpayers and patrons present were
concerned. Misses Edith Wagner and
Luth Bowers each gave a well ren-
dered recitation.

County Superintendent R. C. Shaw
gave a rousing address on education
in the country schools and the county
superintendent was not slow in ex-
pressing his approval of the work in
the local township, and pleaded that
it may be made better. H. M.
Gooderham spoke of "The Boys and
Girls" in much the same lines. Rev.
W. J. Muir closed the Institute with
an enthusiastic stirring up of the
possibilities that lie before the farm-
ers of this section, if they will just
follow up their activities and educa-
tional efforts.

School Trustees of Altoona.
CALGARY, Alta., Jan. 24.—The
sixth annual convention of the as-
sociation of school trustees of the
Province of Alberta met in this city
today for its two days session. The
improvement of rural schools and
school sanitation and medical inspec-
tion are the leading subjects placed for
consideration. The scheduled speak-
ers include C. W. Mitchell, the
Provincial minister of education and
Dr. W. C. Murray, president of the
University of Saskatchewan.

John Redmond.

DUBLIN, Jan. 24.—Great anxiety
is being caused among the friends and
followers of John Redmond, the noted
Irish leader, who has been confined to
his bed for the past three weeks as the
result of being thrown from his
carriage which collapsed, throwing
him heavily to the roadway. At first
it was thought that his injuries were
slight, but it has developed that the
noted Irishman has been hurt in-
ternally. Physicians' care of the
opinion, however, that although in no
danger of fatal results, they find that
Mr. Redmond will be under their care
for some time to come.

CITY INSTITUTE IS ON TOMORROW

Superintendent Ashe
Announces Program for 3
Day Session.

EVENING FOR SCHOOL DIRECTORS

President F. L. Younklin of the School
Board Will Preside Thursday Evening
—Practical Demonstrations to Be
Feature of Program.

Borough Superintendent S. P. Ashe
this morning made public the program
for the teachers' institute which will
start today at High School. The in-
stitute will continue three days, Thurs-
day, Friday and Saturday. The morning
sessions will begin at 9 o'clock
three in the afternoon at 1:30 and at
night 8:15. Every phase of school life
will be gone into by the instructors,
not excepting that of the School
Director. The School Board will have
a special session on Thursday evening.
At that time President F. L. Younklin
will act as chairman. Following a
general discussion and music Dean
Will Grant Chambers will tell the
directors of "The Director's Dominant
Duty."

Throughout the sessions there will
be plenty of demonstrative work, es-
pecially by Miss Connel and Miss
Thomas who have charge of the inter-
mediate and the physical departments
respectively. The High School motto
and the social aspects of the High
School will not be neglected, as Dr.
Corson and Dean Chambers have been
selected to take on these subjects. Miss
Rose Leander, who conducted the
musical end of the program at the
first session has again been engaged
and will sing several songs. County
Superintendent Llewellyn will be one
of the instructors. The institute will
end with Saturday afternoon's session.

Keynote State Agriculturalists.
HARRISBURG, Pa., Jan. 24.—The
thirty-fifth meeting of the Pennsylv-
ania State board of agriculture began
here today and will continue over to-
morrow. The association is made up
of representatives of the State organi-
zation of poultry raisers, fruit
growers, stock breeders, bee keepers
and the several county agricultural
societies. A highly instructive pro-
gram calling for the discussion of all
branches of agricultural activity has
been prepared for the meeting.

signs pointing to the most notable
meeting in the history of the associa-
tion.

A. A. CLARKE
GUARANTEES
RHEUMA FOR
RHEUMATISM

What chance does any sufferer take
when RHEUMA is guaranteed to ban-
ish rheumatism, lameness, gout and
kidney ailments, or money back?

Why not investigate this offer, talk
to A. A. Clarke about it. RHEUMA
surely does drive rheumatism poison
from the system, brings swollen joints
back to normal and relieves agony in
two days.

People so crippled with rheumatism
that they could not walk have been
absolutely freed from the lion's grip
of the demon, rheumatism, with less
than half a dozen 50-cent bottles. A
few hours after the first dose, RHEU-
MA begins to dissolve the uric acid
and drive it from the body through
the natural channels.

Everybody can afford RHEUMA—
the price is only 50 cents a bottle, and
the dose is small.

Charles F. Flint.

Charles F. Flint, eminent as a
merchant and capitalist and an
authority on trade relations between
the United States and South America,
counties, was born in Thomaston,
Maine, Jan. 21, 1850. In 1868 he
graduated from the Polytechnic Insti-
tute of Brooklyn and the next year
entered the employ of a prominent
firm of ship chandlers. Two years
later he organized a similar firm of
his own and in 1885 he became the
head of the shipbuilding and ship-
owning firm of Flint & Company,
which had been established by his
father in 1827. Mr. Flint at various
times has acted as counsel and financial
agent of several of the South Ameri-
can republics and in 1889 he was a
delegate to the International American
Conference in Washington. In 1896,
both before and during the war with
Spain, he rendered valuable service
to the United States Government in
the purchase of vessels and munitions
of war. As a result of his successful
efforts in organizing the United States
Rubber Company and other large in-
dustrial combinations, Mr. Flint has
frequently been called the "Father of
Trusts."

ANOTHER JOLT FOR FAST FALLING STARS

South Side has All the Best of Last Night's Argument.

FIELD GOALS ARE 11 TO 7

Kummer Play Great Floor Game But Neither He Nor Brady Could Shoot True—Cokers Needed Doubles, However.

LAST NIGHT'S SCORES.
South Side 43; Connellsville 26.
Johnstown 22; Charleroi 18.

STANDING OF THE CLUBS.
Johnstown 30 10 174
Uniontown 28 11 174
Connellsville 20 21 160
Charleroi 18 21 175
South Side 13 23 139

ONLINE THIS WEEK.
Tonight—Charleroi at Connellsville.
Thursday—Connellsville at Uniontown.
Friday—Uniontown at Johnstown.
Saturday—Johnstown at Connellsville.
Sunday—Uniontown at South Side.

Once upon a time the Cokers were some distance ahead of the 500 mark but they are right back to it this morning as the result of last night's defeat at South Side. The Home Guards are still living up to their reputation. They didn't cut much of a figure in last night's contest, being outpointed 11 field goals to 7. Billy Kummer got four of the seven. "Plunger" Doherty crashed his nose off the slick floor and broke in for a couple of yards. Kid Dark got one. The lineup:
South Side (13) Connellsville (26)
Franklin right forward Kummer
Steel left forward Dark
Paino center Cavanaugh
Henschel right guard Boggs
Brady left guard Doherty
Substitution—White for Hedges
Field goals—Franklin 3, Paino, Henschel 2, Brady 2, Kummer 2, Dark, Doherty 2
Goals from foul—Brady 17 out of 31; Dark none out of 2; Kummer 12 out of 21.
Referee—Akon.

Basketball Notes.
South Side protested the Charleroi game because the nets of the basketball arena were not regulation. That is a kick that beats anything of Joe Fegarty's. Never thought it possible.

For a time the Cokers were playing a little better than the other teams to have been a little too swift.
Billy Kummer was right on the job last night, but he was not shooting but Brady had nothing on him from the free line so odds were even.

Charleroi comes tonight. The Charlerois are dangerous all the time, especially for the Cokers. Dark has not been a game from the Charlerois as Charleroi lost one here, but there is no telling what may happen.

MEN RISK TOO MUCH

Life insurance companies now are very careful about issuing policies to active men over 45 years of age. The chances are that they have impaired their health greatly by overwork.
Of course, if men are taken in time, this damage can be repaired. Mr. Herbert Neely of San Antonio, Tex., says in a recent letter:
"My health failed lately owing to overwork, and as I did not get better after a month, I began taking Vinol. It has given me a better appetite, helped me to sleep and built me up in general so that I now feel like my former self. It is a great pleasure to recommend Vinol to everyone who needs a strength restorer."
Every man, woman and child who is in poor health, weak, nervous and run-down, ought to take Vinol. It is exactly the right thing to build them up and make them strong again. It is made from fresh cod livers and tonic iron, without any oil and is delicious to take. We guarantee Vinol to do just what we say and give back your money if it does not. Graham & Company, Drugists, Connellsville, Pa. Vinol is sold in West Connellsville by Fred H. Harwood, Drugist.

Joseph H. Choate is 80.
NEW YORK, Jan. 24.—Joseph H. Choate, the eminent New York lawyer and former American ambassador to England, was 80 years old today and the occasion was marked by the receipt of a number of congratulatory messages from friends on both sides of the Atlantic. Mr. Choate is a native of Salem, Mass., but has been a resident of New York since shortly after his graduation from Harvard in 1852.

Civil Engineers at Montreal.
MONTREAL, Quebec, Jan. 21.—Leaders of the civil engineering profession from many parts of the Dominion came to Montreal today for the annual meeting of the Canadian Society of Civil Engineers. The proceedings will last three days. The unusually large attendance combined with an attractive program of papers and discussions to give promise of one of the most successful meetings in the history of the society.

Atlantic White Congress.
NEW YORK, Jan. 24.—Fifty-fourth annual congress of the Atlantic White Association began at the Hotel Victoria in this city today and will continue until the end of the week. The association is composed of clubs in Boston, New York, Baltimore, Washington, Philadelphia and numerous other cities.

Matches Scheduled for Tonight.
Jackey McFarland vs. Jack Ward, 6 rounds at Philadelphia.
Monte Attill vs. Chick Hayes, 10 rounds at Indianapolis.
Tommy Kilbane vs. Pat Drouillard, 8 rounds, at Windsor.

Miss Marion Fairfax, Author and Playwright.

NEW YORK, Jan. 24.—Woman's value is purely fictitious, if you can say they have any value at all. I don't see that they have. The average married woman represents an acute case of arrested mental development. After marriage the man goes on developing. He has to if he is going to succeed. The wife remains where she was intellectually when he married her. Women of a certain class and type haven't sense enough to know that they are jeopardizing their source of income by their own lack of sense.

Thus does Miss Marion Fairfax, author and playwright, sum up the modern married woman. Miss Fairfax adds that modern club life has a tendency to lure women away from home. In speaking of the clubwoman who has daughters, she said: There is very little real companionship between the modern mother and her daughter. The girls of 16 to 20 I am speaking of. These girls have their own friends, their own amusements, and their chief aim in life is to ape the women of from 25 to 30. They dress like them, and many of them powder and paint and imitate them in every way they can. The parents in their ardent desire to give their children something better than they had, is working direct injury to the children.

Miss Fairfax is a woman of 35, a native of New York, and has been married for 10 years. She has two daughters, a son and a daughter. She is a playwright and has written several plays. She is also an author and has written several books. She is a member of the Dramatic Club and the Dramatic Society. She is a very popular woman and is well known in New York.

BOOST FAYETTE AS A FARMING COUNTY

Effort Will be Made to Test Possibilities of This Section.

WANT STATE EXPERTS TO COME

If Present Plans Work Out the J. A. experts Will Visit the County in the Near Future From Washington and Hagerburg.

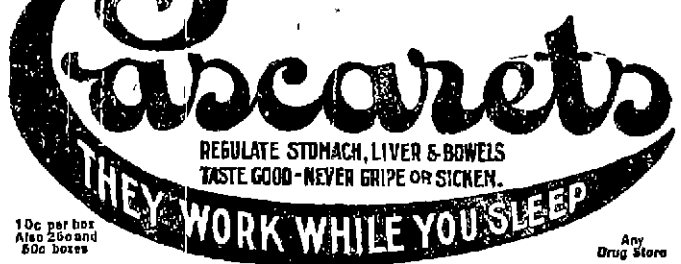

Can I get more corn to the acre than I am now getting? Can I make more money from my milk cows? Can I raise beef cattle in Fayette county? Can my apple trees be induced to bear more and better apples? How can I make more money off my chickens? And can I do these things with my present equipment and without putting in a lot more money? Farmers in different sections of the United States are turning to this question. Yes. And it can be done. Fayette county for Nature has given it a most fertile soil and favorable topography to be found on this globe for farming and grazing purposes.

Coke smoke? Excessive drainage from underdrains? May be these two objections have more than one answer. Fayette county has been thinking of these things for some time and so far the results of this study and so far the present they will be discussed. Fayette county, however, that some farmers in this section are still getting the very best of crops in spite of them.

A movement is being started to bring to Fayette county the benefits of the investigation which have improved conditions elsewhere to such an extent that farmers are getting the most satisfactory incomes from their produce and at the same time, their lands have doubled and tripled in value in the course of a few years. These things have happened not in the Golden West but in the old supposedly worked out farming sections of the East, in Pennsylvania, Maryland, New York and most surprising of all New England. These results have proved there is no need to go out West to get a living out of a farm. The farmer anywhere who runs his farm as a business will make money out of it. When a farmer leaves his land to Providence and insists upon actually knowing all that is going on in his business he can stop the leaks (exactly as any other manufacturer does). The soil is the farmer's factory. He puts in a certain quantity of raw material, performs certain processes and should, barring casualties, produce a certain output. But he has to watch his materials and his processes all along the line as there is no business in which things will take care of themselves. Learning to be a business man for efficiency and it is probably within the last 15 years that anything like precision has been attained. It is possible, however, for a farmer to know just what the capacity of his plant is. That is to say, he can know by analysis what crops his soil will best grow, what the defects of his

will are and how they may be remedied, and to what branch of farming the topography of his land is best adapted. As a second step, the farmer today finds it possible to procure good about with the use of no uncertainty, he can know that his seed is fertile without guessing about it. He may know the precise chemical constituents of the crops his seed will produce so that he can select exactly the crop he requires whether for city markets, for use in preserving factories, or for feeding to farm animals. As a third step, the farmer today can be told precisely how to produce his soil, both in cultivation and fertilization to attain certain desired results. And lastly, the growing crop need not be left to the mercy of the elements and of the insect world, to leave the crops alone or to work havoc and damage as a supposedly insecticide. Prevention may also be done and pests are no longer the inevitable enemies that they once were, leaving poverty and impoverishment in their wake. All of them are taught, and taught with equality and success, by the farmer who manages his campaign with vigilance and work.

If the plans which are now being laid work out successfully, agricultural exports will visit Fayette county and investigate the situation thoroughly. They will find out to what extent the farming industry has decreased or increased in the region, the reasons thereof and the prospects for a prosperous farming industry in this region considering our local conditions, favorable and unfavorable. They will recommend a plan for carrying on the work of encouraging the increase of farming and of getting better returns from the land, perhaps following the lines of work which are already in successful operation elsewhere. These experts will come probably from the U. S. Department of Agriculture, the Pennsylvania State Agricultural Department, Pennsylvania State College, the Pennsylvania Railroad Agricultural Department and from commercial organizations which are already conducting successful farming bureaus such as the Board of Trade of Duluth Minn. the Board of Trade of Elmira, N. Y., and the Chamber of Commerce at Binghamton, N. Y. It is too early of course to know what shape the plans may take but the correspondence at present is being carried on by the Uniontown
